AN OLD FRIEND
RENEWS FORMER
FRIENDSHIPS

Ben Cannon of Henderson was a Crockett visitor Tuesday afternoon. Ben was reared in Crockett, but moved away with his parents and family when a youth. He has visited Crockett on several occasions, but not too often, and it was the first time the Courier editor has had the pleasure of renewing his acquaintance in person. Ben is now married and has two children, the oldest about 14 years. He is in the automobile business at Henderson and is a member of the Kiwanis club. As secretary of the Henderson Kiwanis, he attended a district meeting of that club in Palestine Tuesday, and took advantage of the occasion to look up some friends in the old home town. His friends here were glad to see him and to know that he is doing so well. He was an appreciated caller at the Courier office. Randolph Harris and other Henderson Kiwanians also attended the Palestine district meeting. Randolph is president of the Henderson Daily News company.

PARKING METER
HOLIDAY HERE

The city of Crockett is taking down the parking meters for the purpose of cleaning, painting and repairing them. So drivers will have parking meter holiday for approximately two weeks, or until August 1. This action was decided on at a meeting of the city council Tuesday night and the meters were being removed Wednesday morning. However, tickets will be passed out for double parking, parking in restricted areas and too close to fire plugs, Mayor T. D. Crockett said Wednesday morning.

At that time the city council approved the city's 1934-35 budget, which was officially adopted.

The council gave the public schools a 10 percent raise for the 1934-35 school year, which will begin on September 1.

The council also gave the public schools a 10 percent raise for the 1934-35 school year, which will begin on September 1.

COUNTY AGENT
CAUTIONS FARMERS
AGAINST WORMS

According to Dave Tiller, county agent, he has already received from eight to ten calls here in Houston county on ways and means of combating the army worm. In the last two days they have appeared in Polk, Taylor, Jasper, Newton, San Augustine, Nacogdoches and Cherokee counties. The army worm attacks growing corn, cultivated crops such as alfalfa, cotton, peanuts, grasses and especially growing corn. They are found in sorghum fields, Sudan grass fields and on lot.

For spraying he recommends one to one-half pounds of the technical DDT or about two pounds of technical DDT per acre.

For dusting it will take ten to 15 pounds of 10% DDT or about 10 pounds of 20% Toxaphene dust.

For spraying it will take about one quart of most commercial liquids with what ever amount of water the spraying machine puts out per acre. Spray or dust as soon as you notice these worms in the edge of the field and it will save you money.

For dusting it will take ten to 15 pounds of 10% DDT or about 10 pounds of 20% Toxaphene dust.

POPULATION STUDY
SHOWS NATURAL
RESOURCE DRAIN

Washington, July 15.—The United States was pictured Sunday as a nation whose natural resources are being drained away at an alarming rate as the population grows upward at the rate of 300 persons an hour.

"We are mining our fields, forests and water resources at a suicidal rate," said the Population Reference Bureau, a private study organization, in a new discussion of the problem.

This means, the bureau said, that science will have to find ways to tap the vast reservoirs of minerals far below the earth's surface and in the oceans.

For dusting it will take ten to 15 pounds of 10% DDT or about 10 pounds of 20% Toxaphene dust.

MINISTER TO BE
ORDAINED AT FIRST
PRESBYTERIAN

The subject of the sermon Sunday morning will be "With One Accord." The service Sunday evening will be of ordination and installation. Mr. Newton, having just finished seminary, will be ordained to the pastoral ministry and will be installed as pastor of the First Presbyterian church of Crockett. This will be the first ordination ever to take place in the local church, which is 99 years old.

The following commission has been appointed by the Presbytery of Brazos to ordain and install the pastor-elect:

On Wednesday evening, July 22, the Memorial Oakes Presbyterian church of Houston, will provide: Dr. Malcolm L. Purcell, executive secretary of the Presbytery with offices in Houston.

Will preach the sermon: Rev. W. J. Miller, pastor of the First Presbyterian church of Texas City.

Will charge the minister: Rev. W. J. Miller, pastor of the First Presbyterian church of Texas City.

Will install the minister: Rev. W. J. Miller, pastor of the First Presbyterian church of Texas City.

NATURAL VISION IN
HOUSE OF WAX

"House of Wax" in technicolor is the second picture in Natural Vision Dimension. It is the first picture of this type made by a major producer—Warner Brothers. When we played "Dwana Devil," the first picture of this kind, we were telling you that it was not up to standard quality and that its purpose was to introduce this new movie process. We believe in truthful advertising—we have seen "House of Wax." It is excellent entertainment, even without 3-Dimension. With 3-Dimension it is sensational, and we make the unqualified statement that you will not only enjoy it, but you will be amazed by the sensational effect of true 3-Dimension. You have never seen anything on a motion picture screen to equal "House of Wax."

Olson Dickey, The Management.

Each Texan owes \$29.34 of deficit.

Washington, July 12.—Mr. Averett said today that the federal government owes \$29.34 of deficit to each Texan.

MRS. BOB SPENCE
WRITES ON WORK
DONE AT PARK

The following letter was received by the reporter for the Crockett Courier which we think would be interesting to our many readers.

Dear Little Belle:

I want you to feel free to use or not use anything from the enclosed, and if it can be of help in any way I shall be glad to talk to you. I'll call you home in about a week. I'll call you.

The public has shown so much interest and willingness to help with the park, I know they will be deeply concerned about the trees, and want something done if possible.

Run-tailed to a tree expert and he thinks something might be done to preserve them.

Reverently,
Mrs. Bob Spence.

The rearing of the park is a story of courage and work and of a campaign that is still going on. There's no other people like you people here.

It was young people's efforts that created the Dave Crockett Memorial Park many years ago. A work that any town would be proud of. It was neglected and almost and come back to life until it had reached the stage where it was embarrassing to get visitors to see it.

It was the Magnolia Garden. A group of young women, who started a campaign to do something about the dilapidated condition of the Memorial building and grounds.

I want to say to you, that the garden club are a part of a national organization which seeks to encourage and help people to improve their homes and beautify their homes and community. The aim is the general uplift and happiness of the people, and as project chairmen of the home and community.

Chief among my duties is to try to have to be cooperative and have personal publicity with a vengeance, and when I found myself expending laborers in a park, I visited with all my heart that I could work underneath the ground out of sight like a mole.

However, the work was soon progressing so well that painters were painting the buildings, people working on the playgrounds, others clearing away the debris from the ground, and the old ruins grounds and leveling it off.

I was told that the mayor and city councilmen were doing a wonderful job, and that the Junior Chamber of Commerce was doing a big job, also.

At the American Legion, the Elks Club and Rotary Club, and many other groups were doing a big job, also.

At the American Legion, the Elks Club and Rotary Club, and many other groups were doing a big job, also.

STATE PRISONS
WILL INCREASE
CATTLE RAISING

Houston, Texas, July 15.—The Texas prison system is going to enter the cattle business on a major scale. Unlike most Texas cattle areas, the pastures of the system's 73,000 acres of land are in good shape.

The state prison board Monday authorized immediate purchase of 1,600 head of cattle.

Board Chairman French Robertson of Abilene explained:

"Cotton long has been the system's money crop. But with an anticipated 25 per cent acreage reduction for next year, we must look to something else to supply the revenue that will keep our operating costs down. We have been able to furnish the meat to feed inmates the past two years and we still are doing this. The new cattle will be bought as an investment, not to feed inmates."

Guy Blankenship Jr. of Houston visited in Crockett over the week-end.

[Yacant] [uncertain] lot north of the Kita theatre and will [eatabliah] [uncertain] a free parking Jot. The [lut wil]) [uncertain] be lined off, so as to accommodate the maximum number of vehicles, Persons who wish to park downtown without paying money into parking [metors] [uncertain] may park on [thie] [uncertain] free parking [bot.] [uncertain]

CROCKETT COURIER:

POPULATION STUDY SHOWS NATURAL

RESOURCE DRAIN

[Washington,] [uncertain] July [13.—The] [uncertain] Untted States was pictured Sunday as a nation whose [natura!] [uncertain] resources are being drained away at an alarming pace as the population zooms upward at) the rate of 300 persons an hour.

We are mining our fields, forests and water resources at a suicidal rate," said the Population Referrnce Dureau, private study organization, In a new discussion of the problem.

[Thic] [uncertain] means, the bureau said, that science will have to find ways to lap the vast reservoirs of minerals far below the earths surface and in the oceans.

[7] [uncertain] PAGE FIVE ee of gulf coast area lead are in good shape. The [atate] [uncertain] prison board Monday au- [thorized] [uncertain] Immediate purchase of 1,600 head of cattle.

Board Chairman French Robertson of Abilene explained:

Cotton long has been the systems money crop. But with an anticipated 25 per cent [screage] [uncertain] reduction for next year, we must look to something else to supply the revenue that will keep our operating costs down. We have been able to furnish the meat to feed inmates the past two years and we still are doing this. The new cattle will be bought as an investment, not to feed inmates,"

Guy Blankenship Jr, of Houston visited in Crockett over the week-end.

When this summer in California its also summer in China
