NEW MODIFIED MOTOR VEHICLE INSPECTION LAW

Austin, July [29.—The] [uncertain]
new period, during which Texas motorists
will be required to have [thelr] [uncertain]
auto inspected under the new [modified]
[uncertain] Motor Vehicle Inspection law
which was enacted by the recent Gird
[legslalure,] [uncertain] has been
unofficially set for September 15, 1953,
through April 15, 1954, It [wae]
[uncertain] announced today by Col omer
Garrison Jr. director of Terae
Department-ot Publle Safety.

Garrison [sald] [uncertain] that the
State Public Safety [Commission]
[uncertain] has advised him that they will
confirm the designation of the new period
on August 26, the effective date of the
new act

The old law which aroused much
controversial argument during the last
session of the legislature will expire at
midnight August 25 and no [Inspectiona]
[uncertain] will be made under its
provisions after that date.

Garrison explained that [thls]
[uncertain] means that no inspections of
any sort will be mass between that time
and the beginning of the new period on

September 15,

The modified law call for inspec-
[Ttion] [uncertain] only of brakes, lighting
equipment, horns, rear view mirrors and
windshield wipers.

In view of the fact that the inspection
stations throughout the state are already
set up and equipped to perform this work,"
Garrison [sald,] [uncertain] we feel that
the full seven months of the new period
will afford motor- site ample time to have
their vehicles inspected."

He urged, however, that car own- ere
not wait too long lest they get caught in a
[laet] [uncertain] minute ruth to meet the
inspection deadline.
