

PAGE SIX

QUESTIONS AND ANSWERS ABOUT SWIMMING POOL

The following questions are those which have been most often asked by citizens of Crockett, about the swimming pool:

1. Why should Crockett have a swimming pool?

This question can be answered in many ways. For one thing it has been proved that the younger of today has much more idle time than his father did, and that the best plan is to keep that idle time occupied with playgrounds, and operations such as our little league and the swimming pool and playground. A second reason is that nearly every town in this section which is of similar size has a pool for its kids. We know about Crockett being the best place to live. We have to keep that way by seeing that our recreation system is second to none. A third reason for this pool is that the recreation system is one of the first things new industry looks for. Our beautiful park, with the tennis courts, little league and swimming pool will show any prospective industry that Crockett is wide awake, progressive, and can offer recreational facilities second to none.

2. How much will be the total cost of the swimming pool and cyclone fence?

\$18,000.00.

3. How much was raised last year?

\$12,000.00.

4. How much must we raise this year?

\$6,000.00. We owe \$5,000.00 at this time. The extra \$1,000.00 will finish the pool with a few dollars to spare. 5. What will my dollars buy? They will buy a pool 2,000 sq. ft. in area, which will meet all State Health Dept. requirements. The same pool would under a contract cost \$25,000 to \$35,000. Don't believe it? Call the City of Houston, Dallas or any one of a number of Pool Builders, including Texas Pool Corporation, a subsidiary of Paddock Pools in Dallas. 6. If I want to do my share toward paying off our pool on August 3rd, what percentage of my last year's gift should I pay?

Within 95 or 90 percent as big, for this reason: The Ellis Club gave \$750.00 and the Lepton gave \$500.00. The Jaycees gave \$1,600.00. Although these clubs will continue to give as they are able, not any of them are able at this time to give anything like what they gave last year. On top of this we had several out of town donations which we cannot expect to repeat.

7. One might ask himself the question: Why should I strain to pay for a swimming pool? I didn't have one when I was a kid, and besides the thing is costing too much.

Times are changing, there are a lot of things changed since you were a kid, and this swimming pool is something towns and clubs are building all over the state and nation. If you don't believe it, just pick up the paper and read. Livingston, Texas, is building a pool. Brenham, Athens and Huntsville each have one. Palestine has one, and so on.

8. What about the bath house? Word from Tyler and Athens indicates that proceeds from the pool will make the payments on the bath house.

9. What about the admission fee?

About 35 or 40 cents for adults, 15 or 20 cents for children. This will be lowered as soon as the pool operation levels out and it can be ascertained just what it costs to operate it. Most pools we checked charged from 25 to 35 cents for adults and 15 to 20 cents for children. Our pool will be operated on a non-profit basis.

* On top of that consider the interest and bond issue fees we have by paying cash as we go. How much interest would a 10 or 15 year loan of \$25,000.00 or \$30,000.00 cost us? No Federal, state, or otherwise agency has helped build this pool. The People of Crockett built it, lock, stock, and barrel. LET'S FINISH THE JOB.

"They" is "Nice" Word.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply and tell you how I received this wonderful relief.

CHRIST FIRST AND THEN CONFUCIOUS

Editor Courier.

Crockett, Texas.

Approximately two thousand years ago two men were placed upon this earth, each of much religious significance during their brief span of life and in the lives of billions of people living since.

Jesus Christ is best known to the so-called western world down through the centuries. His interpretation of the Golden Rule was, "Do unto others as you would have them do unto you."

He maintained that the best part of our life was ahead of us and we should live peaceful God-fearing lives while preparing for the heavenly realm of the hereafter.

Confucius was best known in the Oriental world. His teachings were in essence that all the great accomplishments were behind living individuals, therefore making it necessary to worship one's ancestors. Confucius insisted that the Golden Rule should be recited, "Do not unto others as you

would not have others do unto you." Was Confucius confused? Christian capitalists, recognizing the presence of the soul in each individual, have progressed in the production and processing of food, clothing and shelter for the benefit of mankind.

America has been the shining light proving the advantages of positive thinking and successful living. It is the right and duty of every living American to do all in their power at home, at work or at play, to maintain this position of confident faith in God and country.

The seventh verse, chapter one, second Timothy reveals, "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind."

From Post Card.

By George Fuerman.

Oh, no!—Letter from Bonnie Raye McCreary of Crockett. "Those knock-knock jokes seem to be getting pretty popular again. They were the rage when mother was my age, and I hadn't heard them until today. Maybe you better post your readers."

Alas, Bonnie, television is responsible for this thing, and you're right. Continuing our policy of vigilance and service to the readers, we offer a few peacky examples:

"Knock, knock."

"Who's there?"
"Louisville."
"Louisville who?"
"Louisville you pass the ketchup?"
"Knock, knock." "Who's there?"
"B-o." "B-o who?" "Whatta ya cryin' for?"

"Knock, knock." "Who's there?"
"Helen." "Helen who?" "Helen high water?"
"But if anybody will so much as send us an old, second hand postage stamp, we'll promise never, NEVER to mention this subject again."

Z. S. ADAMS

PASSES AWAY

The many friends and relatives of

Z. S. Adams were gathered to

his passing on to the Great Beyond

at his home in Houston, Texas

Monday morning, July 20,

at the age of 74 years, 10 months

and 20 days.

Funeral services were held at

Brotherhood of St. Andrew's

Church, Houston, Texas, at

10:30 a. m. Burial was in

the cemetery at Houston, Texas.

Survivors include his wife, Mrs.

Z. S. Adams, and two daughters,

Mrs. Z. S. Adams and Mrs. Z. S.

Adams, both of Houston, Texas.

He was born in Houston, Texas,

and was a member of the

Brotherhood of St. Andrew's

Church, Houston, Texas.

He was a member of the

Brotherhood of St. Andrew's

Church, Houston, Texas.

PAGE SEVEN

with the girl who later became his wife, Nancy Clara Calloway. They were united in marriage January 21, 1889. To this union were born seven children, four of whom survive: Mrs. Jessie Foster of Fort Worth, Mr. Lee Adams of Round Timbers, Mrs. Hazel C. R. McPhail of Newcastle, Texas; Mrs. Florence Shroyer of Round Timbers. Two sons died in infancy, and one, Harold Adams, died about five years ago at Seymour. He is also survived by his wife, Nancy Clara Adams, eleven grandchildren, nine granddaughters and 54 great grandchildren; five brothers, John and Walter Adams of Austin, Bill and Tom Adams of Lovelady and Sam Adams of San Angelo, only Tom being able to attend his services; two sisters, Mrs. Lillian Maple, Crockett, and Mrs. Mary Pascock of Madisonville, both were able to come.

Other out of town nieces and nephews to attend were: From Crockett, Paul Maple, Mr. and Mrs. Everett

Morgan, Mr. and Mrs. Wallace Adams, Anne and Mervyn. From Nolan, Texas, Mr. and Mrs. Charlie Hicks and son; Mr. and Mrs. Emmett Hicks, and daughter, Ernest Adams, Mrs. Lena Wallis, two daughters, granddaughters of Abilene; Earl Adams of Fort Worth.

The Adams family has resided close to Round Timbers most of the time since first arriving there early in 1910, and has resided at present location about 20 years.

Mr. Adams joined the Baptist church at Volga, Houston county, Texas, in early manhood.

Ips bark beetles are reaching alarming proportions in pine stands of east Texas which have been burned by wild forest fires, according to an announcement by A. D. Folwell, director Texas Forest Service. Serious infestations of pine have been reported in Marion, Trinity, Jasper, Newton and Hardin counties. No serious outbreaks of the beetle have not been found on areas which have not been burned, he reported.

Pine trees attacked by the Ips beetles usually die. The beetles also spread rapidly from one tree to another, and any outbreak should be attended to immediately.

Due to the association between burned forest land and beetle damage, the use of fire for any purpose in the piney woods should be avoided, otherwise extensive damage may be done in pine stands. Such burned areas may also act as a breeding ground for Ips or other bark beetles which may spread to adjacent unburned areas of forest land.
