of our highways. To obtain correct and authoritative information about driving is a simple matter. A letter on postcard to the Department of Public Safety, Driver's License Division, Austin, Texas, will bring an official publication, the "Texas Driving Handbook," to any one who requests it. **tf.**

Greener Pastures. They had just returned from a party, and the wife was slightly put out by her spouse's seeming lack of attention to her during the evening. She: "Why is it I buy a beautiful evening gown and you never even notice it, but you get bug-eyed staring at every other woman in the place?" Husband (sleepily): "Once you know what's in a package it doesn't make much difference how it's wrapped." **tf.**

Direct Mail Line Needed. In addition to the fine mail train service Crockett has, there are daily mail truck routes from Crockett to Kennard and Ratliff and from Crockett to Madisonville and Nacato. Thus Crockett is almost adequately supplied with mail service. But in addition, we could use a mail truck line from Crockett to Pennington and Groverton, which would be an aid to the industries we have as well as those we hope to secure. **tf.**

Three-Age Top Friday. An all star teen-age team was leading the Friday youngsters 14 to 9 at City Park Tuesday afternoon, after 2 1/2 innings, when darkness halted play. Leonard Hale was pitching for Crockett, with Ernie Lively catching. The visiting pitcher had poor control and gave up 11 runs in the first inning. Crockett goes to Pennington Sunday afternoon. **tf.**

Colored schools of the Austonio district will open on Monday, September 20. This late opening will necessitate a crowded schedule for these schools. **tf.**

CADMAN CLUB ADOPTS RESTRICTED MEMBERSHIP POLICY

Crockett, Texas, August 19, 1953

Dear Madam: Crockett has a club which is both "ancient and honorable." The Cadman Club has grown up with 20th century Crockett. The coming year will be the club's 40th anniversary. Crockett has mushroomed into a progressive East Texas center, almost bursting its seams; but our Music Club at the age of 40 (like some of us) needs vitamins and an occasional beauty treatment. A hundred years ago a 40-year-old pinned on a lace cap and found a comfortable chair in the corner; in this year of 1953, LIFE BEGINS AT 40!

The executive board met on July 7 at the home of the president, Miss Josephine Edmiston, to make plans for the new year. A policy of restricted membership was adopted; other changes are in the offing. Will you be one of those vitamins to give renewed vitality to the grand "Old Lady"? If you want to help celebrate with us and make this the record year in our club history, will you contact me by September first, in order that we may get your name in the Year Book, and get off to a good start for the coming year? Sincerely, Ruth Lewis, Mrs. W. M. Lewis, Chairman, membership.

This letter was sent out this week to a group of the old members and a similar letter sent to a group of selected few new members. Former members, and the new members invited to join, are urged to contact Mrs. W. M. Lewis, or the president of the club, or officers signifying that they wish to join.

VACATIONERS RETURN HOME TO CROCKETT

By Hattie Belle Milburn

Mr. and Mrs. Joe Cloots and Mr. and Mrs. Walter Ben Roberts and children have returned from a three weeks' motor tour of Colorado, Wyoming, Canada, the Dakotas and many other states. They spent three days of their sightseeing vacation in Kelso Park, and another three days in the Yellowstone National park, where they had an opportunity to fish in one of the beautiful lakes. And they are proudly telling others of the wonderful luck of catching 13 cut-throat trout during that fishing trip. In Regina, the capital of Saskatchewan, they saw the Royal Mounted police, resplendent in their uniforms, and then a part of their motor trip was

a tour of many scenic spots in the Black Hills of South Dakota. Walter Ben took his brand new camera along for snapshots along the route; in fact, he has about 13 or 14 rolls of pictures to show of the tour, with plenty of pictures of elk, antelope, buffalo and even prairie dogs thrown in, besides pictures of members of the party who made the tour; so we imagine that some of these evenings groups of their friends will be viewing these scenes and "wishing they could have been along on just such a trip, too."

LACK OF SPELLING ABILITY DEPLORED BY FRIEND MILLDEW

Friend Milldew, here Saturday, deplored the lack of spelling ability among some present-day school students. He says in his community some students do not know one syllable from another and that when you put several syllables together they do not know what the word is; that some of them have learned to speak seven languages, but cannot distinguish the syllables or spell the words; that in public company, where propriety is demanded, it is hard for them to make themselves understood. He says the syllable pronunciation is taught no more and that the undivided word is too much for them. He believes in returning to the old way of spelling in classes when you could spell C-o-n-s-t-a-n-t-i-n-o-p-l-e in syllables, as an example, and pronounce it and understand it. A friend who overheard our friend's complaint said he thought our friend had something there.
