WHAT 18 A LOTTERY?

The answer to that question is simple
and, at the same time, complex. It is
simple to state that the courts have defined
a lottery as a [acheme] [uncertain]
wherein something of value ia exacted
from participants for the chance of
winning prize, and [thos] [uncertain] you,
have three necessary elements of con-
[sideration,] [uncertain] chance and prize.
The difficulty ensues when endeavoring to
determine whether any particular) plan
involves the giving up of a con-
[sideration,] [uncertain] or whether the
awarding of [pre prite] [uncertain] is
governed by chance. snakily there is no
trouble in [de-] terrgining] [uncertain] the
[preacnce] [uncertain] or absence of a
phone.

Bulletin on February 13, 1967, as follows:

AN [postmastera] [uncertain] should
carefully, note the following with regard
to the present policy of the office of the
solicitor jn making rulings on lotte-. rich,
gift enterprises, [etc.,] [uncertain] under
section G01, P. L. R. 1940.

In order for a prize scheme to be held in
violation of this section, t le necessary to
show [(in] [uncertain] addition to the fact
that the prizes are awarded by [meana]
[uncertain] of lot or chance) that the con:
[sideration] [uncertain] involves, for
example, the payment of money for the
purchase of merchandise, chance or
admission ticket, or as payment on ap
account," or requires an expenditure of
substantial effort or time. On the other,
hand, if it is required merely that ones
name be registered at a store in order to be
eligible for the [prise,] [uncertain]
consideration ls not deemed to be present.

If postmaster are in doubt aa to whether
or not matter relating to a; particular plan
should be treated as [ponmailable,]
[uncertain] they should submit same to
this office for ruling as provided

HOW TO PREVENT JUVENILE DELINQUENCY

Crockett Courier — November 19, 1953

Albemarle, N. C. November 9, 1953.
Editor Caurler:

Someone asked me a few days ago what I thought was the best way to cure juvenile delinquency, and my reply immediately was, what is the best cure for [typhold] [uncertain] fever? The answer was to take the [typhold] [uncertain] vaccine [to}] [uncertain] prevent the fever. We must do the best to help these children who have gotten into trouble, but prevention is the right-approach to the problem.

The Christian home with Its relationship to the church Is the found: [tlon] [uncertain] upon which all nations must stand or fall. We should study the history [jaf] [uncertain] young couples who get married and are not Christians. Pirst, they do not realize the sacred vows lo [cach] [uncertain] other taken before God and man. They fuss, fight and haven't the Christian [eplrit] [uncertain] to give them tour [ance,] [uncertain] Both may work and come home tired, others may be In the whirl of society, trying to get all the world pleasures out of life while they are young. They have parties and cocktails at home, as well as In [thelr] [uncertain] friends homes. They do not care to be bothered with the children, so they say, go out and play, or go to bed. They seem to think food, clothing arid schools are sufficient, and do not give the children Jove and understand- ing. A great many [marrisges] [uncertain] end in divorce, and that creates still more serious problem with children, because if child does not get love and understanding at home, he will
