HAPPY HOLIDAY... A parade makes it a happy holiday for children. Every year Macy's of New York has a gigantic parade. Many excited youngsters watch the gay spectacle. They are having the time of their lives and the scene will be repeated in hundreds of towns throughout the country this Christmas season.

WHAT IS HONOR?

"Honor is a chain with many links, each of us has the job of keeping it from the simplest tasks that chain unbroken. For staying time, like leaving our pencils on the desk, in the last analysis, depends on making promises—and keeping them." Proprietary Ideas. The lives of millions of people," said Philip Reed in "What's Happened to..."

Our Honor?

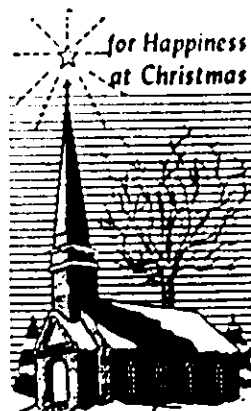

"If we want to stay civilized, then each of us has the job of keeping it from the simplest tasks that chain unbroken. For staying time, like leaving our pencils on the desk, in the last analysis, depends on making promises—and keeping them." Proprietary Ideas. The lives of millions of people," said Philip Reed in "What's Happened to..."

It's Christmas!

Small Towns First to Light Outdoor Trees

It was a small town that first thought of lighting an outdoor community Christmas tree. Four communities are believed to have thought of the idea about the same time—early as 1913. Two of them, McDonald and Germantown, were in Pennsylvania. Salem, Ore., decorated a large Sitka spruce. Riverside, Calif., illuminated a large evergreen, an Arcadia.

The first national Christmas tree was in 1926 and was sponsored by the American Forestry association. The event is now televised every year for all parts of the country to see.

CHRISTMAS SPIRIT... Full of Yule good fellowship, "Blagle" tries to arouse some dille in the festive heart of "Ginger." Ginger, goodwill season or not, can't get over her distrust of dogs.

We've never been able to figure out—When a doctor gets sick and another doctor doctors him, does the doctor doing the doctoring have to doctor the doctor who is being doctoring, or does the doctor doing the doctoring of the doctor doctor in his own way?

Keep Trees Green
If you have the type of a tree holder that permits the tree trunk to rest in water, you will find that a small amount of plant food dissolved in the water will aid in retaining the needles on the tree. "Mid-Winter" the needles green. If you use a pebble or rock-filled pad to support the tree, cover the pebbles or rock with a plant food solution.

Use one teaspoonful of plant food, powdered form, to each gallon of water in the container, or use one plant food tablet to each gallon.

Friendship is of so great value that it cannot be estimated. In fact, the moment an attempt is made to estimate what it means it suffers from the thought. It is peculiarly sensitive to any form of selfishness and cannot thrive under affliction of much of it. Once lost, friendship is the most difficult thing in the world to regain. It is truly one of the great prizes of life.—The Orphans' Friend and Masonic Journal.

Friend Mildred said Saturday that if he could find a beauty contest in which no one could win he might consider entering it.
